Acquisitions**

**Network
Modernization**

BUILD THE FEDERAL NETWORK OF THE FUTURE

Federal agencies plan to fully deploy the Big Five – big data, cloud computing, cyber security, data center consolidation, and mobility – in the next two years, but their networks aren't prepared to take the stress. Network loads will increase by 79 percent. Fully, 59 percent of Federal network managers say the Big Five will tie up their networks. Government Acquisitions, Inc.'s (GAI) network modernization solutions help you reduce operational costs and improve scalability to support your emerging mission. Network modernization supports your mission by:

- ▶ Enhancing network security and reducing network downtime
- ▶ Supporting voice, video, and data on converged IP networks
- ▶ Delivering secure wireless applications
- ▶ Realizing cloud-based Infrastructure as a Service (IaaS) and Software as a Service (SaaS) applications and seamlessly migrating to Software-Defined Networking (SDN)
- ▶ Reducing operational costs
- ▶ Enhancing scalability to accommodate growing number of endpoints

REFRESH NETWORKS – NETWORK UPGRADES

Upgrade to modern, secure, and reliable network connections.

MODERNIZE MANAGEMENT – NETWORK SUPPORT

Deliver network management support for network design, installation, and optimization.

TRANSFORM NETWORKS – SDN SHIFT

Provide full software-defined network migration assistance to remove dependency and slash costs.

COST-EFFICIENCY, QUALITY, AND COMPLIANCE IN THE MOST COMPLEX ENVIRONMENTS

GAI brings over 25 years of dedication to Federal mission success, and a performance culture to power real innovation.

FASTER, MORE RELIABLE NETWORKS, FOR LESS

GAI's mature expertise and network modernization capabilities transform legacy and core networks to enhance reliability, efficiency, agility, and more. We help you with network upgrades, network management, wireless infrastructure, Wide Area Network (WAN) optimization, and SDN migration to ensure successful agency outcomes.

DEDICATED TO YOUR SUCCESS FOCUSED ON SUPPORTING YOUR MISSION

GAI delivers the expertise to power Federal innovation. Changing course on a dime? No problem. As you **shift to new software-defined networks, enhance network security**, and implement **unified communications** – we know it's all about the mission. Protecting citizens. Supporting critical infrastructure. Delivering cutting-edge research and development. GAI is dedicated to empowering Federal missions with new efficiencies and agility. We deliver:

- ▶ Advanced capabilities with competitive pricing
- ▶ Mature, pragmatic, and collaborative team
- ▶ World-class partner ecosystem including:

DEDICATED TO RESULTS

Network modernization enhances agencies' ability to support unified communications, deliver cloud-based (IaaS and SaaS) applications, and keep data secure.

A mission mindset is in our DNA. We understand that success is driven by partnership, process, and technology. GAI's experienced team members work side-by-side with Federal IT executives and industry-leading OEM partners to modernize, optimize, and deliver unparalleled mission support.

FOCUSED ON YOUR MISSION

GAI helps you modernize your network – from core refresh to ongoing infrastructure support.
