DEDICATED DNA. MISSION MINDSET.

Government Acquisitions, Inc. (GAI), a HUBZone certified small business, brings over 30 years of dedication to Federal mission success, and a performance culture to power real innovation. Dedication is in our DNA, Mission is our Mindset.

CAPABILITIES & SERVICES

Artificial Intelligence

GAI's AI practice provides agencies with education, technology, enablement, contract vehicles and expertise, along with professional services and support.

Big Data Analytics

GAI's big data analytics solution provides agencies with analytics and detective software necessary to utilize big data to its fullest.

Cyber Security & Information Assurance

GAI's cyber security capabilities provide agencies with the cyber threat prevention solutions they need to stay safe. Our mature Supply Chain Security processes, monitoring, and reporting enables customer compliance.

Hybrid Computing

GAI's Hybrid Computing capabilities consists of seamlessly integrating high-performance computing and cloud-based resources to optimize performance and enable agile delivery models in easier fashion while leveraging cloud-ready data center resources.

Edge Computing/IoT

GAI's Edge Computing / IoT capabilities leverage the power of intelligent edge and IoT to drive real-time data processing, reduce latency, and enable rapid decision-making at the network edge.

Intelligent Automation

GAI Automation provides world-class experienced, certified, and cleared developers to solve your agency's most pressing automation challenges. As your trusted guide and partner in the automation journey, we operate with a bias to action for fast results.

Professional Services

GAI provides qualified personnel with expertise in training, project management, and solution development. We rely on the breadth of our knowledge to help define the optimal solution for a customer need and the experience of our team to follow through with post-award execution. GAI can provide appropriately cleared resources on-site in various demographic regions or anywhere virtually.
