Employee Testimony

"I enjoy working at GAI because of our people and our purpose. Our leadership team fosters a wonderful family culture where we share ideas, celebrate each other's successes, and hold each other accountable. At the same time, we are driven by a shared commitment to delivering innovative IT solutions that empower government agencies to achieve their goals efficiently and securely."
-Kelly Johnson, Sr. Field Account Manager

Join the GAI Family

If you're looking for a challenging and rewarding career with a company that values its employees, then GAI is the place for you. We offer competitive salaries, comprehensive benefits, and opportunities for professional growth and development.

Outstanding Leadership and Culture

Our experienced leaders are actively involved in every aspect of the business, fostering a family-like atmosphere where employees feel valued and supported. We celebrate success, encourage collaboration, and prioritize work-life balance.

Diverse & Powerful Contracts Portfolio

We hold all major product-based GWACs and numerous agency-level contracts, including NASA SEWP V, Army ITES-3H, and USAF 2-GIT. Our world-class Bid and Proposal team ensures we're always at the forefront of new opportunities.

Strategic Federal Systems Integrator (FSI) Partnerships

We have strong teaming relationships with major FSIs like CACI, Leidos, and GDIT, allowing us to pursue and win large-scale programs.

Winning Bid and Proposal Support

Our dedicated Bid and Proposal team has a proven track record of winning major GWACs and securing contracts of all sizes. We provide cradle-to-grave support, from opportunity identification to final submission.

Superior Back Office Support

Our dedicated inside sales, customer service, and order management teams provide exceptional support to our customers and our employees.

Agile & Capable Small Business

We blend the innovation and flexibility of a small business with the resources and capabilities of a large enterprise. Our leadership, culture, contract portfolio, technical expertise, OEM partnerships, and back-office support are unmatched in the industry.

Advanced Technical Expertise

We are market leaders in cutting-edge technologies like Artificial Intelligence, Machine Learning, and Robotic Process Automation. Our partnerships with industry leaders like NVIDIA, Dell and UiPath keep us ahead of the curve.

Financial Stability & Strength

With over 30 years of profitability, zero debt, and strong credit lines, we're a financially stable company that invests in our employees and our future.

Premier OEM / ISV Partner Position

We maintain strong relationships with all major OEMs, including Dell, HPE, and NVIDIA. Our executives hold key advisory council positions, giving us access to exclusive resources and support.

State-of-the-Art IT Systems

We invest heavily in cutting-edge IT tools to streamline our operations and empower our employees. Our systems are designed to increase efficiency and enhance productivity.
